

**OFFICE OF FOREIGN ASSETS CONTROL  
REPORT OF LICENSING ACTIVITIES  
PURSUANT TO  
THE TRADE SANCTIONS REFORM AND EXPORT ENHANCEMENT ACT OF 2000**

**April - June 2013**

This report is submitted pursuant to Section 906(b) of the Trade Sanctions Reform and Export Enhancement Act of 2000 (“TSRA”) and covers activities undertaken by the Department of the Treasury’s Office of Foreign Assets Control (“OFAC”) under Section 906(a)(1) of the TSRA from April through June 2013. Under the procedures established in its TSRA-related regulations, OFAC processes license applications requesting authorization to export agricultural commodities, medicine, and medical devices to Iran and Sudan under the licensing regime set forth in Section 906 of the TSRA.

From April 1 through June 30, 2013, OFAC’s Licensing Division received a total of 348 applications pursuant to Section 906(a)(1) of the TSRA. During this period, OFAC issued a total of 399 licensing determinations,<sup>1</sup> of which 217 were for cases received in this quarter. OFAC issued 250 licenses, 72 license amendments, and 26 “return-without-action” letters. No denial letters were issued in this quarter. Of the total licenses issued, 221 involved products for Iran and 29 for Sudan. For more details, see Charts 1-3 and Graph 1.

On October 22, 2012, OFAC reissued 31 C.F.R. Part 560, renaming this part as the Iranian Transactions and Sanctions Regulations, and issued general licenses that authorize the exportation or reexportation of most food items, medicines, and basic medical supplies to Iran, thereby removing the requirement to apply for a specific license for such exports and reexports while continuing to meet the requirements of Section 906(a)(1) of the TSRA. Certain specified food items and medicines, as well as exports to certain persons, requiring a greater level of scrutiny are excluded from the general licenses. These transactions, as well as the exportation or reexportation of items that do not fall within the parameters of these general licenses related to Iran or a general license related to exporting or reexporting food to Sudan, continue to require specific licenses. A total of 29 cases were closed pursuant to these general licenses in this quarter.
