

statement) filed with the partnership return (whether filed electronically or on paper) for the taxable year during which the distribution or transfer occurs. For the section 754 election to be valid, the return must be filed not later than the time prescribed for filing the return for such taxable year, including extensions. Under § 1.754-1(b) of the existing regulations, one of the partners must sign the section 754 election statement.

On October 12, 2017, the Department of the Treasury (Treasury Department) and the IRS published a notice of proposed rulemaking (REG-116256-17) in the **Federal Register** (82 FR 47408) to remove the signature requirement from § 1.754-1(b). The IRS did not receive any substantive written public comments in response to the notice of proposed rulemaking. No public hearing was requested or held. Therefore, the proposed regulations are adopted by this Treasury decision without change.

Special Analyses

I. Regulatory Planning and Review

These regulations are not subject to review under section 6(b) of Executive Order 12866 pursuant to the Memorandum of Agreement (April 11, 2018) between the Treasury Department and the Office of Management and Budget regarding review of tax regulations.

II. Regulatory Flexibility Act

It is hereby certified that these regulations will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. chapter 6). This certification is based on the fact that these regulations reduce the information currently required to be collected in making an election to adjust the basis of partnership property and thereby will reduce burden on small entities. Accordingly, a regulatory flexibility analysis is not required. Pursuant to section 7805(f) of the Code, the notice of proposed rulemaking preceding these regulations was submitted to the Chief Counsel for the Office of Advocacy of the Small Business Administration for comment on its impact on small business, and no comments were received from the Chief Counsel for the Office of Advocacy of the Small Business Administration.

III. Unfunded Mandates Reform Act

Section 202 of the Unfunded Mandates Reform Act of 1995 (UMRA) requires that agencies assess anticipated costs and benefits and take certain other actions before issuing a final rule that

includes any Federal mandate that may result in expenditures in any one year by a state, local, or tribal government, in the aggregate, or by the private sector, of \$100 million in 1995 dollars, updated annually for inflation. This rule does not include any Federal mandate that may result in expenditures by state, local, or tribal governments, or by the private sector in excess of that threshold.

IV. Executive Order 13132 Federalism

Executive Order 13132 (entitled “Federalism”) prohibits an agency from publishing any rule that has federalism implications if the rule either imposes substantial, direct compliance costs on state and local governments, and is not required by statute, or preempts state law, unless the agency meets the consultation and funding requirements of section 6 of the Executive Order. These proposed regulations do not have federalism implications and do not impose substantial direct compliance costs on state and local governments or preempt state law within the meaning of the Executive Order.

V. Paperwork Reduction Act

Under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a valid control number assigned by the Office of Management and Budget. The information collection described in this final rule has been assigned control number 1545-0123.

Drafting Information

The principal author of these regulations is Charles D. Wien of the Office of the Associate Chief Counsel (Passthroughs and Special Industries). However, other personnel from the Treasury Department and the IRS participated in their development.

Safety Zone; Port Huron Float Down, St. Clair River, Port Huron, MI

AGENCY: Coast Guard, DHS.
ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters of the St. Clair River in the vicinity of Port Huron, MI. This zone is intended to restrict and control movement of vessels in a portion of the St. Clair River. Though this is an unsanctioned, non-permitted marine event, this zone is necessary to provide for the safety of life on the navigable waters during a float down event near Port Huron, MI.

DATES: This rule is effective from 12 p.m. through 8 p.m. on August 21, 2022.

II. Background Information and Regulatory History

During the afternoon of August 21, 2022, a non-sanctioned public event is scheduled to take place. The event is advertised over various social-media sites, in which a large number of persons float down a segment of the St.

Clair River, using inner tubes and other similar floatation devices. The 2022 float down event will occur from approximately 12 noon through 8 p.m. on August 21, 2022. This non-sanctioned event has taken place on the third Sunday in August annually since 2009.

No private or municipal entity requested a marine event permit from the Coast Guard for this event, and it has not received state or federal permits since its inception. The event has drawn over 5,000 participants of various ages annually. Despite plans put together by federal, state and local officials, emergency responders and law enforcement officials have been overburdened pursuing safety during this event. Medical emergencies, people drifting across the international border, and people trespassing on residential property when trying to get out of the water before the designated finish line are some of the numerous difficulties encountered during the float down event.

During the 2014 float-down event, a 19-year-old participant died. During the 2016 float down, a wind shift caused thousands of U.S. citizen rafters with no passports to drift into Canadian waters. The current and wind made it impossible for the rafters to paddle back into U.S. waters, necessitating significant coordination with the Canadian authorities. Despite these events, promotional information for the event continues to be published. More than 5,000 people are again anticipated to float down the river this year. No public or private organization holds themselves responsible as the event sponsor.

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because doing so is impracticable. The organizers of this event are very secretive, and careful not to be found out as the event has "no sponsor." The Coast Guard could not receive notice of the float down with sufficient time to undergo notice and comment because the date of the event varies from year to year. The Coast Guard was not made aware the float

down would occur in 2022 until there was insufficient time to allow for a comment period to run. We must establish this safety zone by August 21, 2022 in order to protect the public from the hazards listed above associated with the float down.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Detroit (COTP) has determined the float down poses significant risk to public safety and property from 12 noon through 8 p.m. on August 21, 2022. The likely combination of large numbers of participants, strong river currents, limited rescue resources, and difficult emergency response scenarios could easily result in serious injuries or fatalities to float down participants and spectators. Therefore, the COTP is establishing a safety zone around the event location to help minimize risks to safety of life and property during this event.

IV. Discussion of the Rule

This rule establishes a safety zone from 12 noon through 8 p.m. on August 21, 2022. The safety zone will begin at Lighthouse Beach and encompass all U.S. waters of the St. Clair River bound by a line starting at a point on land north of Coast Guard Station Port Huron at position 43°00.416' N; 082°25.333' W, extending east to the international boundary to a point at position 43°00.416' N; 082°25.033' W, following south along the international boundary to a point at position 42°54.500' N; 082°27.683' W, extending west to a point on land just north of Stag Island at position 42°54.500' N; 082°27.966' W, and following north along the U.S. shoreline to the point of origin (WGS 84). No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. Vessel operators must contact the COTP or his or her on-scene representative to obtain permission to transit through this safety zone. Additionally, no one under the age of 18 will be permitted to enter the safety zone if they are not wearing a Coast Guard approved personal floatation device. The COTP or his or her on-scene representative may be contacted via VHF Channel 16.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and
