(1) *Fee-based or no-cost services.* The exportation or reexportation, directly or indirectly, from the United States or by a U.S. person, wherever located, to Iran of fee-based or no-cost services incident to the exchange of communications over the internet, such as instant messaging, chat and email, social networking, sharing of photos and movies, web browsing, blogging, social media platforms, collaboration platforms, video conferencing, e-gaming, e-learning platforms, automated translation, web maps, and user authentication services, as well as cloud-based services in support of the foregoing or of any other transaction authorized or exempt under the ITSR.

movies, web browsing, blogging, social media platforms, collaboration platforms, video conferencing, e-gaming, e-learning platforms, automated translation, web maps, and user authentication services, as well as cloud-based services in support of the foregoing or of any other transaction authorized or exempt under the ITSR, provided that such software is designated EAR99 or classified by the U.S. Department of Commerce on the Commerce Control List, 15 CFR part 774, supplement No. 1 (CCL), under export control classification number (ECCN) 5D992.c.

(ii) *Software that is not subject to the EAR because it is of foreign origin and is located outside the United States.* The exportation, reexportation, or provision, directly or indirectly, by a U.S. person, wherever located, to Iran of fee-based or no-cost software that is not subject to the EAR because it is of foreign origin and is located outside the United States, that is incident to, or enables services incident to, the exchange of communications over the internet, such as instant messaging, chat and email, social networking, sharing of photos and movies, web browsing, blogging, social media platforms, collaboration platforms, video conferencing, e-gaming, e-learning platforms, automated translation, web maps, and user authentication services, as well as cloud-based services in support of the foregoing or of any other transaction authorized or exempt under the ITSR, provided that such software would be designated EAR99 if it were located in the United States or would meet the criteria for classification under ECCN 5D992.c if it were subject to the EAR.

Note to paragraphs (a)(1) and (a)(2). See 31 CFR 560.540 for authorizations relating to the exportation to persons in Iran of additional no-cost services incident to the exchange of personal communications over the internet and no-cost software necessary to enable such services.

(3) *Additional Software, Hardware, and Related Services.* To the extent not authorized by paragraphs (a)(1) or (a)(2) of this general license, the exportation, reexportation, or provision, directly or indirectly, to Iran of certain software and hardware incident to communications, as well as related services, as follows:

(i) In the case of hardware and software subject to the EAR, the items specified in the Annex to this general license;

(ii) In the case of hardware and software that is not subject to the EAR because it is of foreign origin and is located outside the United States that is exported, reexported, or provided,

directly or indirectly, by a U.S. person, wherever located, hardware and software that is of a type described in the Annex to this general license provided that it would be designated EAR99 if it were located in the United States or would meet the criteria for classification under the relevant ECCN specified in the Annex to this general license if it were subject to the EAR; and

(iii) In the case of software not subject to the EAR because it is described in 15 CFR 734.3(b)(3) that is exported, reexported, or provided, directly or indirectly, from the United States or by a U.S. person, wherever located, software that is of a type described in the Annex to this general license.¹

Note to paragraphs (a)(2) and (a)(3). The authorizations in paragraphs (a)(2) and (a)(3) of this general license include the exportation, reexportation, or provision, directly or indirectly, to Iran of authorized hardware and software by an individual leaving the United States for Iran.

(4) *internet connectivity services and telecommunications capacity.* The exportation or reexportation, directly or indirectly, from the United States or by a U.S. person, wherever located, to Iran of non-commercial-grade internet connectivity services, to include cloud-based services, and the provision, sale, or leasing of capacity on telecommunications transmission facilities (such as satellite or terrestrial network connectivity) incident to communications.

Note to paragraph (a)(4): See 31 CFR 560.508 for authorizations relating to transactions with respect to the receipt and transmission of telecommunications involving Iran.

(5) *Importation into the United States of hardware and software previously exported to Iran.* The importation into the United States of hardware and software authorized for exportation, reexportation, or provision to Iran under 31 CFR 560.540(a), paragraphs (a)(2) or (a)(3) of this general license, or paragraphs (a)(2) or (a)(3) of General License D–1, by an individual entering the United States, directly or indirectly, from Iran, provided that the items previously were exported, reexported, or provided by the individual to Iran pursuant to 31 CFR 560.540(a), paragraphs (a)(2) or (a)(3) of this general license, or paragraphs (a)(2) or (a)(3) of General License D–1 when it was in effect.

(6) *Publicly available,² no cost services and software to the Government of*

*Iran.*³ (i) *Services.* The exportation or reexportation, directly or indirectly, from the United States or by a U.S. person, wherever located, to the Government of Iran of services described in 31 CFR 560.540(a)(1) or categories (6) through (11) of the Annex to this general license, provided that such services are publicly available at no cost to the user. (ii) *Software.* The exportation, reexportation, or provision, directly or indirectly, to the Government of Iran of software described in 31 CFR 560.540(a)(2) or categories (6) through (11) of the Annex to this general license, read in conjunction with paragraph (a)(3) of this general license, provided that such software is publicly available at no cost to the user.

Note 1 to paragraph (a). In sub-paragraph (a)(6), the term “publicly available” refers generally to software that is widely available to the public. Sub-paragraph (a)(3)(iii) refers to software that is described in 15 CFR 734.3(b)(3), which defines “publicly available” software for purposes of the EAR. The scope of the term “publicly available” in paragraph (a)(6) of this general license thus differs from the scope of the Department of Commerce’s regulation at 15 CFR 734.3(b)(3) as referenced in subparagraph (a)(3)(iii) of this general license.

Note 2 to paragraph (a). The authorizations of U.S. persons set forth in paragraph (a) of this general license extend to entities owned or controlled by a U.S. person and established or maintained outside the United States (“U.S.-owned or -controlled foreign entities”), subject to the conditions set forth in 31 CFR 560.556.

Note 3 to paragraph (a). Nothing in this general license relieves the exporter from compliance with the export license application requirements of another Federal agency.

(b) This general license does not authorize:

(1) The exportation, reexportation, or provision, directly or indirectly, of the services, software, or hardware specified in paragraph (a) with knowledge or reason to know that such services, software, or hardware are intended for the Government of Iran, except for services or software specified in paragraph (a)(6).

(2) The exportation, reexportation, or provision, directly or indirectly, of the services, software, or hardware specified in paragraph (a) to any person whose property and interests in property are blocked pursuant to any part of 31 CFR chapter V, other than persons whose property and interests in property are blocked solely pursuant to Executive Order 13599 as the Government of Iran.

(3) The exportation or reexportation, directly or indirectly, of commercial-grade internet connectivity services or telecommunications transmission facilities (such as dedicated satellite links or dedicated lines that include quality of service guarantees).

(4) The exportation or reexportation, directly or indirectly, of web-hosting services that are for websites of commercial endeavors located in Iran or of domain name registration services for or on behalf of a person located in Iran or the Government of Iran.

(5) Any transaction by a U.S.-owned or -controlled foreign entity otherwise prohibited by 31 CFR 560.215 if the transaction would be prohibited by any other part of chapter V if engaged in by a U.S. person or in the United States.

(6) Any action or activity involving any item (including information) subject to the EAR that is prohibited by, or otherwise requires a license under, part 744 of the EAR or participation in any transaction involving a person whose export privileges have been denied pursuant to part 764 or 766 of the EAR, without authorization from the Department of Commerce.

(c) Transfers of funds from Iran or for or on behalf of a person in Iran in furtherance of an underlying transaction authorized by paragraph (a) may be processed by U.S. depository institutions and U.S. registered brokers or dealers in securities so long as they are consistent with 31 CFR 560.516.⁴

(d) Specific licenses may be issued on a case-by-case basis for the exportation, reexportation, or provision of services, software, or hardware incident to communications not specified in paragraph (a) or the Annex to this general license or other activities to support internet freedom in Iran, including development and hosting of anti-surveillance software by Iranian developers.

(e) Effective September 23, 2022, General License D–1, dated February 7, 2014, is replaced and superseded in its entirety by this General License D–2.

Andrea M. Gacki,

⁴ This general license does not authorize any transaction prohibited by any part of chapter V of 31 CFR other than part 560. Accordingly, the transfer of funds may not be by, to, or through any of the following: (1) a person whose property and interests in property are blocked pursuant to the Weapons of Mass Destruction Proliferators Sanctions Regulations, 31 CFR part 544, or the Global Terrorism Sanctions Regulations, 31 CFR part 594; or (2) a person whose property and interests in property are blocked pursuant to any other part of 31 CFR chapter V, or any Executive order, except an Iranian financial institution whose property and interests in property are blocked solely pursuant to 31 CFR part 560 or Executive Order 13902.
