

incorporation or integration into an item not described on the USML, unless otherwise provided in the ITAR. The Department assesses that continuing to subject these capacitors (which are used in a wide swath of everyday commercial items, including commercial aircraft and Wi-Fi equipment) to the ITAR is unnecessary and would have significant negative consequences for global commerce, including the grounding of civil aircraft and the disruption of supply chains.

In implementing this rule, the Department is also revising USML Category XI(c)(5) to clarify its structure and explain certain terms used therein to minimize the potential for uncertainty.

The Department assesses that the benefits of this rulemaking outweigh any costs, that modifying the USML in this manner is the most cost-effective method to achieve the Department's regulatory objectives on this matter, and that doing so will result in a net reduction of the burden on the regulated community.

#### Executive Order 12988

The Department of State has reviewed this rulemaking in light of sections 3(a) and 3(b)(2) of Executive Order 12988 to eliminate ambiguity, minimize litigation, establish clear legal standards, and reduce burden.

#### Executive Order 13175

The Department of State has determined that this rulemaking will not have tribal implications, will not impose substantial direct compliance costs on Indian tribal governments, and will not preempt tribal law. Accordingly, the requirements of Executive Order 13175 do not apply to this rulemaking.

#### Paperwork Reduction Act

This rulemaking does not impose or revise any information collections subject to 44 U.S.C. Chapter 35.

## DEPARTMENT OF THE TREASURY

### Office of Foreign Assets Control

#### 31 CFR Parts 560 and 588

#### Corrections in the Iranian Transactions and Sanctions Regulations and Western Balkans Stabilization Regulations

**AGENCY:** Office of Foreign Assets Control, Treasury.

**ACTION:** Final rule.

**SUMMARY:** The Department of the Treasury's Office of Foreign Assets Control (OFAC) is adopting a final rule to correct a typographical error in the Iranian Transactions and Sanctions Regulations and to correct two typographical errors and incorporate one general license in the Western Balkans Stabilization Regulations.

**DATES:** This rule is effective April 27, 2023.

**FOR FURTHER INFORMATION CONTACT:** OFAC: Assistant Director for Licensing, 202–622–2480; Assistant Director for Regulatory Affairs, 202–622–4855; or Assistant Director for Sanctions Compliance & Evaluation, 202–622–2490.

#### SUPPLEMENTARY INFORMATION:

##### Electronic Availability

This document and additional information concerning OFAC are available on OFAC's website: [www.treas.gov/ofac](http://www.treas.gov/ofac).

##### Background

OFAC is amending the Iranian Transactions and Sanctions Regulations, 31 CFR part 560 (ITSR), to replace the word “insure” with the word “ensure” in § 560.528.

OFAC is amending the Western Balkans Stabilization Regulations, 31 CFR part 588 (WBSR), to correct cross references in §§ 588.307 and 588.405. On December 21, 2022, OFAC issued an amendment to the WBSR (87 FR 78484). This amendment added a general license for activities of nongovernmental organizations to the WBSR, but because the amendment contained an error in the amendatory instructions, the general license could not be incorporated. OFAC is now amending the WBSR to redesignate a second general license currently in § 588.512 as § 588.513, and to properly add the nongovernmental organizations general license in § 588.512.

##### Public Participation

Because the amendment of the ITSR and the WBSR involves a foreign affairs function, the provisions of E.O. 12866 of September 30, 1993, “Regulatory Planning and Review” (58 FR 51735, October 4, 1993), and the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, opportunity for public participation, and delay in effective date are inapplicable. Because no notice of proposed rulemaking is required for this rule, the Regulatory Flexibility Act (5 U.S.C. 601–612) does not apply.

## Paperwork Reduction Act

The collections of information related to the ITSR and the WBSR are contained in 31 CFR part 501 (the “Reporting, Procedures and Penalties Regulations”). Pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), those collections of information have been approved by the Office of Management and Budget under control number 1505–0164. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid control number.
