

other action is required under UMRA of 1995.

*Congressional Review Act*

This rule is not a major rule as defined by the Congressional Review Act (CRA), 5 U.S.C. 804. However, pursuant to the CRA, DEA is submitting a copy of the final rule to both Houses of Congress and to the Comptroller General.

*Paperwork Reduction Act of 1995*

This action does not impose a new collection of information under the Paperwork Reduction Act of 1995. 44 U.S.C. 3501–3521. This action would not impose recordkeeping or reporting requirements on State or local governments, individuals, businesses, or organizations. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

*Determination To Make Rule Effective Immediately*

As indicated above, this rule finalizes the schedule I control status of *N*-ethylhexedrone,  $\alpha$ -PHP, 4-MEAP, MPHP, PV8, and 4-chloro- $\alpha$ -PVP that has already been in effect for over two years by virtue of the temporary scheduling order (84 FR 34291, July 18, 2019) and the subsequent one year extension of that order (86 FR 37672, July 16, 2021). The July 2019 order was effective on the date of publication, and was based on findings by the then-Acting Administrator that the temporary scheduling of these substances was necessary to avoid an imminent hazard to the public safety pursuant to 21 U.S.C. 811(h)(1).

Because this rule finalizes the control status of *N*-ethylhexedrone,  $\alpha$ -PHP, 4-MEAP, MPHP, PV8, and 4-chloro- $\alpha$ -PVP that has already been in effect for over two years, it does not alter the legal obligations of any person who handles these substances. Rather, it merely makes permanent the current scheduling status and corresponding legal obligations. Therefore, DEA is

making the rule effective on the date of publication in the **Federal Register**, as any delay in the effective date is unnecessary and would be contrary to the public interest. See 5 U.S.C. 553(d).

**List of Subjects in 21 CFR Part 1308**

Administrative practice and procedure, Drug traffic control, Reporting and recordkeeping requirements.

For the reasons set out above, DEA amends 21 CFR part 1308 as follows:

**PART 1308—SCHEDULES OF CONTROLLED SUBSTANCES**

■ 1. The authority citation for part 1308 continues to read as follows:

**Authority:** 21 U.S.C. 811, 812, 871(b), 956(b), unless otherwise noted.

■ 2. In § 1308.11, add paragraphs (d)(94) through (99) and remove and reserve paragraphs (h)(42) through (47). The additions read as follows:

**TRICARE Coverage and Reimbursement of Certain Services Resulting From Temporary Program Changes in Response to the COVID-19 Pandemic**

**AGENCY:** Office of the Assistant Secretary of Defense for Health Affairs, Department of Defense (DoD).

**ACTION:** Final rule.

**SUMMARY:** The Assistant Secretary of Defense for Health Affairs (ASD(HA)) issues this final rule related to certain provisions of three TRICARE interim final rules (IFRs) with request for comments issued in 2020 in response to the novel coronavirus disease 2019 (COVID-19) public health emergency (PHE). Temporary coverage of telephonic office visits is made permanent in this final rule, with its adoption expanded beyond the pandemic; the temporary telehealth cost-share waiver is terminated; and the temporary waiver of certain acute care hospital requirements and permanent adoption of Medicare New Technology Add-on Payments for new medical items and services are modified, as further discussed in the **SUPPLEMENTARY INFORMATION** section of this rule

**DATES:** This rule is effective July 1, 2022, except for instruction 4 (the provision modifying temporary hospitals) which is effective on June 1, 2022. Effective July 1, 2022 the interim final rules amending 32 CFR part 199, which were published at 85 FR 27921, May 12, 2020, and 85 FR 54914, September 3, 2020, are adopted as final with changes, except for the note to paragraph 199.4(g)(15)(i)(A), published at 85 FR 54923, September 3, 2020, which remains interim.

**SUPPLEMENTARY INFORMATION:**

**I. Executive Summary**

*A. Purpose of the Rule*

In response to the novel coronavirus (SARS-CoV-2), which causes COVID-19, and the President's declared national emergency for the resulting pandemic (Proclamation 9994, 85 FR 15337 (March 18, 2020)), the ASD(HA) issued three IFRs in 2020 to make temporary modifications to TRICARE regulations in order to better respond to the pandemic. The first IFR, published in the FR on May 12, 2020 (85 FR 27921), temporarily: (1) Modified the TRICARE regulations to allow for coverage of medically necessary telephonic (audio-only) office visits; (2) permitted interstate and international practice by TRICARE providers when such practice was permitted by state, federal, or host-nation law; and (3) waived cost-shares and copayments for covered telehealth services for the duration of the COVID-19 pandemic.

The second IFR, published in the FR on September 3, 2020 (85 FR 54914) temporarily: (1) Waived the three-day prior hospital qualifying stay requirement for skilled nursing facilities (SNFs); (2) added coverage for the treatment use of investigational drugs under expanded access authorized by the U.S. Food and Drug Administration (FDA) when indicated for the treatment of COVID-19; (3) waived certain provisions for acute care hospitals in order to permit TRICARE authorization of temporary hospital facilities and freestanding ambulatory surgical centers (ASCs) providing inpatient and outpatient services to be reimbursed; (4) revised the diagnosis related group reimbursement (DRG) at a 20 percent higher rate for COVID-19 patients; and (5) waived certain requirements for long term care hospitals (LTCHs). The second IFR also included two permanent provisions adopting Medicare's NTAPs adjustment to DRGs for new medical services and technologies and adopting Medicare's Hospital Value Based Purchasing (HVBP) Program.

The third IFR, published in the FR on October 30, 2020 (85 FR 68753) added coverage of National Institute of Allergy and Infectious Disease (NIAID)-sponsored clinical trials when for the prevention or treatment of COVID-19 or its associated sequelae.

After publication of each IFR, DoD evaluated the appropriateness of each temporary measure for continued use throughout the national emergency for COVID-19, as well as to determine if it would be appropriate to make any of the provisions permanent within the
