[Docket Number USCG-2024-1050]

RIN 1625-AA00

Safety Zone; Sandusky Tree Lighting, Sandusky Bay, Sandusky, OH

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters of Sandusky Bay in

vicinity of the Jackson Street Pier in Sandusky, OH. The safety zone is necessary and intended to protect personnel, vessels, and the marine environment from potential hazards associated with firework displays created by the City of Sandusky. Entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port (COTP) Detroit, or his designated representative.

DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule under the authority in 5 U.S.C. 553(b)(B). This statutory provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." The Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the event sponsor notified the Coast Guard with insufficient time to publish an NPRM and immediate action is necessary to protect personnel, vessels, and the marine environment on the Sandusky Bay in Sandusky, OH. It is also impracticable and contrary to the public to publish a NPRM because we must establish this safety zone by December 14, 2024.

Also, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than

30 days after publication in the **Federal Register**. For the same reasons discussed in the preceding paragraph, delaying the effective date of this rule would be impracticable because immediate action is needed to respond to the potential safety hazards associated with a firework display.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034. The COTP Detroit has determined that potential hazards associated with a firework display will be a safety concern for anyone within a 560-foot radius of the launch site. The likely combination of recreational vessels, darkness punctuated by bright flashes of light, and firework debris falling into the water presents risks of collisions which could result in serious injuries or fatalities. This rule is necessary to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone during the firework display.

IV. Discussion of the Rule

This rule establishes a safety zone from 5:30 p.m. through 6:30 p.m. on December 14, 2024. The safety zone will encompass all U.S. Navigable waters of Sandusky Bay within a 560-foot radius of the firework display launch site located at 41°27'32.27" N, 82°42'52.15" W, on the Jackson Street Pier in Sandusky, OH. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters during the firework display. Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the COTP Detroit or his representative. The COTP Detroit or his designated representative may be contacted via VHF Channel 16 or call 313-568-9560.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a "significant regulatory action," under section 3(f) of Executive Order 12866, as amended by Executive Order 14094
